

March Beekeeping meeting

Monday March 16th Okanagan College 1000 KLO rd. Building E, Room 308, at 7:00 pm.

Bill Ruzicka will be speaking on:

1. Future and purpose of BREEDER CIRCLE. <http://www.mitegone.com/pdfpages/SUCCESSFUL%20BEEKEEPING%20Kelovna%20bee%20breeders%20circle%202019.pdf>
2. Importance of spring treatment / Preventing Re-infestation;
3. Buying and selling bees; <http://www.mitegone.com/pdfpages/Buy%20sell%20bees%20Beeculture%20Feb%202019.pdf>
4. Rearing your own queens; <http://www.mitegone.com/pdfpages/SUCCESSFUL%20BEEKEEPING%20REQUEENING.pdf>

We will also present a discussion on other methods of mite control that can be incorporated into our Integrated Pest Management.

With the increased health risk concerns and as there have been no reported cases we are going ahead with our meeting as the schools are all open. As a precaution, We will be wiping down door handles, elevator buttons, table tops, and chair backs with Disinfectant wipes as we enter the building and class room.

Hope to see you there bring your questions with you.
